Khloé GETS KRAZY SEXY!

THE REALITY STAR BARES HER
BODY, SOUL — AND TEETH.

KIM KARDASHIAN is packing on the pounds as she carries her second child. **Kourtney** is caught in a terrible relationship with her baby daddy. **Kylie** is catching heat for going off the rails as she grows up way too fast. So now, in the wake of her *finally* finalized divorce from **Lamar Odom**, **Khloé Kardashian** is taking the reins as the hottest and edgiest Kardashian sister of all. First up: Her steamy interview in the Aug./Sept. issue of *Complex* magazine, in which she shows off her new body and irreverent attitude! “This is my sexiest shoot because I think I’ve never felt as comfortable in my own skin,” says Khloé, 31. “I’ve been working out for, like, a year and a half straight.” A friend tells *Star*, “She’s put in hard work to eat healthy and work out to look this way. She’s dedicated and ready to show the world her new and improved self.”

But it’s not just her fantastic figure that leaps out from Khloé’s *Complex* spread. The brazen beauty also lets loose with some eyebrow- (and temperature-) raising quotes, including:

- **ON 18-YEAR-OLD KYLIE’S RELATIONSHIP WITH RAPPER TYGA, 25:** “I think at 16, I was probably f**king someone that was in their 20s, for sure.”
- **ON STAYING FRIENDS WITH FORMER FLAME FRENCH MONTANA:** “When you f**k someone, why would you not.... Like, if someone has seen my vagina, I think it’s OK that I say hi and give him a hug hello.”

The friend adds, “The more outspoken Khloé is, the more attention she’ll get.” Some things never change. ★

SHAPE SHIFTER

“I’m not a big dieter,” says Khloé, “but I’m finally getting the body that I’ve been working out for.”

GISELLE'S SECRET SURGERY OVERHAUL!

THE BOMBSHELL DONNED A FULL BURQA
TO HIDE HER MAKEOVER — AND A
RELIGIOUS GROUP IS NOT HAPPY!

FROM childbirth to sunscreen, **Gisele Bündchen** has never hesitated to give her less-than-expert opinion, but she doesn't always practice what she preaches, at least when it comes to plastic surgery. **Tom Brady's** leggy Brazilian wife has insisted that she would never go under the knife, but on July 15 Gisele and her sister, **Rafaela**, were spotted in Paris donning burqas to sneak into the Clinique Internationale du Parc Monceau so the model, 35, could allegedly deal with her own Deflategate.

"The buzz is that Gisele had a boob lift and eye surgery. After two children she felt it was time for a little tune-up," says a source, explaining that the catwalker got off her surgery soapbox once she realized time was marching on... right across her face and body! "She is a very

vain woman and can't stand feeling imperfect. She thought she could get away with it hiding under a burqa, but she got totally caught!"

Not only did the over-the-top disguise backfire, but it's actually illegal to wear a burqa in France — and Muslims are blasting her for disrespecting the garment. "She's not doing it for Islam. This is very bad," complained Imam Muhammad Abdullah Kamal Al-Azhari of the Astoria Islamic Center in New York, adding she's donning the religious outfit for a "bad" purpose. But while the holy are rolling their eyes, Gisele's frenemies are enjoying the fallout.

"It's hilarious because she is such a hypocrite!" adds the source. "After all her lecturing and constant judgments on people who choose to do things differently than her, it's pretty funny that it's become such a fiasco." ★

A SUPERMODEL
IN DISGUISE!

Even though she's denied it, it's widely believed that Gisele got breast implants in her 20s.

Wins The Blog Wars

Reese Witherspoon isn't just America's Sweetheart, she's queen of the Web too, thanks to her new lifestyle site, Draper James — and rivals **Gwyneth Paltrow** and **Blake Lively** are seeing red! "Gwyn is really annoyed that Reese swooped in with her website and eclipsed Goop entirely," says an insider, adding that Gwyneth's "preachy" and "overpriced" site has lost millions of dollars.

And Blake's competing food and clothing site, Preserve, is faring even worse after reviewers blasted it as "bizarre" and fans

failed to open their wallets.

"The clothes are pricey, but they don't look it — you'd think they came from Ross or something!" sniffed one site visitor. On the other hand, Draper James' ladylike Southern vibe has become a one-stop shop for belles needing a new dress, bauble or hostess gift.

"Both Blake and Gwyn are losing a lot of money and seething with jealousy at how successful Reese has been right out of the gate," says another insider. "You'd think they'd have something better to do." ★

Just Asking...

Which A-list actor is having trouble finding a new project because his little-known drug addiction has made him uninsurable? And don't expect his gorgeous missus to straighten him out — she's trying to deal with her own severe personality disorder.

GAME OVER FOR MATT!

Matthew McConaughey may have an Oscar, but what he's really angling for these days is a gold star from his kids Levi, 7, and Vida, 5, when it comes to their video game battles! "They beg their dad to play PlayStation with them, but Matt is terrible and the kids just destroy him. They then spend the day teasing him about how bad he is," laughs a friend. "He says they're more brutal than the reviews he got for *Failure to Launch!*" (We have a hard time believing that one.)

DAD'S DAZED AND CONFUSED!

MARIAH'S FAT FIX!

Mariah Carey has a plan to avoid gaining those pesky "love pounds," now that she's smitten with media mogul **James Packer**, and it's just as drastic as you'd expect from the high-maintenance diva: gastric-bypass surgery! "She and James love food," tattles a friend. "Pasta with truffles, butter-drenched lobster, cakes — you name it, they indulge in it."

Despite what she tries to portray with Photoshop and Spanx, the singer's size has been steadily increasing over the years — and, ironically, it was her billionaire boyfriend who put the idea in her ear since he himself lost more than 75 lbs. in 2011 from the procedure. "He said that the surgery hasn't been a cure-all, but it's definitely kept his weight from spiraling out of control," divulged a friend. "James even offered to pay for the procedure and take care of her while she recovered!" Ain't love grand! ★

IT WORKED FOR HER BF!

▶ CAITLYN ◀ On The Prowl!

Caitlyn Jenner isn't just experimenting with her look, she's branching out in terms of her sexuality too! While the transgender reality star has made a point of saying that she's still attracted to women, a witness who saw her at a Culture Club concert says otherwise.

"She was like a sorority girl on the loose, totally chatting up all the guys at the show!" whispered a spy. "She flirted with a cute Mexican security guard and a guy with a goatee who sat behind them."

The concertgoer also says Caitlyn seemed into her galpal **Candis Cayne** too, dancing with the transgender actress through a couple of songs.

"Caitlyn loves to flirt and is coming into her own as a woman," says another source. "She wasn't sure if she'd be attracted to men, but is finding that she is. It'll be interesting to see whether her next relationship is with a man or woman!" ★

KESHA *Back In Rehab?*

After being off the map from family and friends for weeks, a source says that **Kesha's** yelling "Timber!" on her sobriety and has landed back in rehab. "Kesha has been acting really strange lately — she is being very vague and distant," an insider reveals, adding that Kesha booked a one-way ticket to Montana — a dead giveaway that she could be seeking treatment for her drinking, as she did in 2014. And she won't say when she's coming back.

As *Star* previously reported, Kesha appeared drunk at a tribute concert for the Beach Boys' **Brian Wilson** in March. "Kesha was just telling another friend that she needs to go back to rehab, so it would make total sense if that's what she did," the source says. "She's a huge talent, and everyone who knows her is hoping for the best." ★

MISSING IN MONTANA!

Jealous Kendall

GETS ACTING COACH

Anything **Cara Delevingne** can do, **Kendall Jenner** thinks she can do better! The reality star is so impressed at how easily her leggy BFF has infiltrated Hollywood, she's hired an acting coach to follow in her footsteps. "Kendall has basically been acting on *KUWTK* for years," notes an insider. "Her mom keeps pushing for a small role in some big-budget project, but that's not Kendall's vibe — she wants an edgy indie flick for her debut." While she's made a major name for herself in the modeling world, Kendall is already worried about getting pigeonholed as just a pretty face. "She'll never stop modeling," adds the source, "but now she wants to be an actress." See you at the Oscars, Kendall! ★

"They're in denial about how broke they are," says a friend.

TERESA 2.0?

JOE & MELISSA *FACING FORECLOSURE*

So much for living a life that most girls only dream of. *The Real Housewives of New Jersey* star **Melissa Gorga's** current situation has become a nightmare, as the banks prepare to repossess her home! Although their reps deny it, "The Gorgas owe back taxes on the house in Montville [N.J.] of roughly \$22,000," a source says. "Now their house is teetering on the edge of foreclosure." The problem is, neither Melissa nor husband **Joe** has a viable source of income outside of the series, which films only a few weeks a year. "And the little bit of cash Joe is able to rake in, he quickly spends on a spec home in Franklin Lakes that he's building — it doesn't have a buyer yet, so it's just a money pit," details the family friend. "He hasn't put a penny toward the tax bill, and now it's catching up with them."

"Paula and Michael have been skating on thin ice for a while now, so a divorce announcement wouldn't surprise anyone," says a source.

Paula & Michael

COOKING UP A DIVORCE?

THEY'VE
SEEN
BUTTER
DAYS!

Rumors of the disgraced Southern chef's split from her husband reach a boiling point.

If you can't stand the heat, get out of the kitchen. Or, if you're **Paula Deen**, hand the whole house over to your spouse! Earlier this year, the scandal-plagued celebrity chef quietly signed over the deed of her \$1.3 million Savannah mansion to her husband of 11 years, **Michael Groover** — a move that many suggest indicates the existence of a private divorce settlement.

While Paula's spokesperson calls the deed a gift "for and in consideration of her natural love and affection for her husband," pals tell *Star* the couple haven't been happy for years. "The buzz in Paula's inner circle is that she's trying to keep Michael quiet — by paying him off — should they split," says a source. "If

he chose to, he could reveal some really embarrassing things about her." Keeping him happy is paramount. "No one knows more about Paula's private life than Michael does," the insider warns. "She has dealt with enough public humiliation over the years, and she won't have Michael adding to it."

Back in 2013, Paula watched her \$17 million empire crumble after video of her deposition in a racial-discrimination case, in which she admitted to using the N word, went public. And in July, the former Food Network star, 68, found herself in the middle of yet another scandal after tweeting a photo of herself dressed as Lucille Ball and son **Bobby** in "brownface" as Desi Arnaz.

Paula and Michael purchased the three-bedroom, three-bath Wilmington Island, Ga., mansion in 2004, the year they got married.

"Michael is tired of living in the middle of a media firestorm," says a source close to the tugboat captain, 58. "He just wants to live a quiet life again." That is — according to reports — without Paula.

In 2013, Michael allegedly had a yearlong affair with a sexy middle-aged brunette who just happened to live near the very home Paula has just given him. ★

Sofia & Joe's WINTER WEDDING PLANS

With only months to go until **Sofia Vergara** and **Joe Manganiello** become husband and wife, sources tell *Star* the couple has planned their nuptials down to the very last detail — and they're sparing no expense. According to insiders, Sofia, 43, and Joe, 38, will be married on Nov. 22 in a traditional ceremony at The Breakers resort in Palm Beach, Fla., known for its Italian Renaissance-inspired architecture and hand-painted Venetian ceilings. "Sofia will walk down the aisle in a Vera Wang gown and carry a bouquet of her favorite flowers, orchids," says a source. "Joe asked his brother Nick to be best man, but Sofia's son Manolo will certainly be a groomsman as well." The couple has their pick of four different ballrooms at the luxurious oceanfront resort for the reception, including the Ponce De León, a 15,000-square-foot ballroom with nine crystal chandeliers and a foyer boasting tropical garden views. Talk about First World problems! ★

Taylor & Calvin SHACKING UP!

So, it's going to be forever — or until the lease is up! According to insiders, **Taylor Swift** and **Calvin Harris** are moving in together after just five months of dating. "Calvin has already been staying at her Tribeca apartment when they're both in town, but Taylor wanted to make it official," says a source close to the couple. "They plan on moving some of his stuff into her New York City penthouse and her Nashville home too. Things are progressing rather quickly, but it's only because everything feels so right." So much so that the Scottish DJ, 31, wants to bring Taylor, 25, home for a visit to meet his parents during a break in her 1989 World Tour schedule. "Calvin's met Taylor's mom and dad, and they loved him, so she's excited to finally meet his folks," says the source. "Taylor has chatted with Calvin's parents over FaceTime, but she wanted to be properly introduced and he's ready to take that next step." As one pal put it: "Taylor and Calvin couldn't be happier if they tried!" ★

Ellen & Portia **LOVING COUPLES THERAPY**

SOURCES tell *Star* that the talk show host and her wife, **Portia de Rossi**, have been in couples counseling on and off since March. As previously reported, Ellen and Portia's marriage hit a rough patch in April, when the couple began leading separate lives and living in different homes. "It was a very unhealthy situation, but they've begun the healing process," says a source. "They're finally dealing with their issues." One of the major roadblocks to reconciliation appears to be the way Ellen treats her wife. "Portia often complains that she feels bullied," the pal admits. "With Ellen's show on hiatus for the summer, she's home bossing Portia around all day, expecting her to be at her beck and call." Friends hope that as Ellen and Portia near their seventh wedding anniversary in August, counseling will help bring the pair back from the brink of divorce. "They fight a lot during the sessions, but therapy has really helped them learn how to communicate again," spills the source. "It's definitely been a step in the right direction for their marriage." ★

Michael & Catherine **RENEWING THEIR VOWS**

In Hollywood, 15 years of marriage is a milestone most couples never reach. And for **Michael Douglas** and **Catherine Zeta-Jones**, it's cause for a celebration! "They want to cherish how far they've come by renewing their commitment to each other," says a source. (The couple separated in July 2013 amid 70-year-old Michael's battle with throat cancer and Catherine's ongoing treatment for bipolar disorder.) The ceremony will reportedly take place the weekend before their Nov. 18 wedding anniversary, at the couple's country estate in Bedford, N.Y., before 75 of their closest family and friends, including **Danny DeVito**, **Jack Nicholson** and **Matt Damon**. "The ceremony will be outdoors, weather permitting," says a close pal of the actress, 45. "But if not, the greenhouse would be just as perfect. It's not about the glitz and the glamour. They really just want to show their kids, Dylan and Carys, that everything is all right now." ★

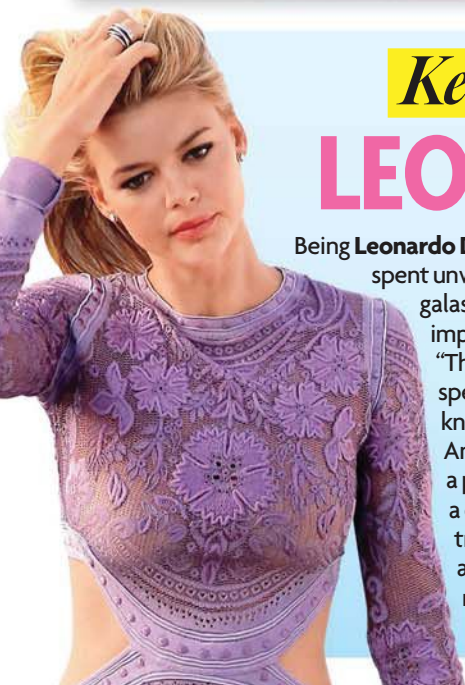

Kelly's Parents:

LEO'S A LETCH!

Being **Leonardo DiCaprio**'s girlfriend has its perks — weekends spent unwinding on yachts, invitations to star-studded galas — but **Kelly Rohrbach**'s parents are less than impressed with their daughter's new boyfriend. "They're not happy about all the time she's spending with Leo," says a family friend. "He's a known womanizer and 15 years older than Kelly. And unlike Leo's last fling, Kelly's more than just a pretty face." After graduating from Georgetown in 2012 with a degree in theater, the *Sports Illustrated* swimsuit model, 25, trained as an actress at the prestigious London Academy of Music and Dramatic Art. "Kelly's smitten with Leo and told her parents not to worry," says the source, "but they're not convinced he's in it for the long haul." And who can blame them? ★

In May and June, Christine often accompanied Ben around town, with or without the kids. Now, however, Ben is trying to distance himself from the nanny. "He is a complete mess over this," a family source says, "and he's going to deny it until he's blue in the face."

The Look Of Love

Christine, who has yet to comment on the affair allegations, flashed a smile for photographers on July 29. Insiders say she's happy that her relationship with Ben has come to light. "She fell for him in a big way," a source says.

MUTUAL!

Ben's

NANNY NIGHTMARE

AS BEN AFFLECK TRIES TO BURY HIS ALLEGED AFFAIR WITH HIS CHILDREN'S NANNY, IT MAY MAKE IT DIFFICULT FOR HIM TO WALK AWAY — ESPECIALLY IF SHE'S

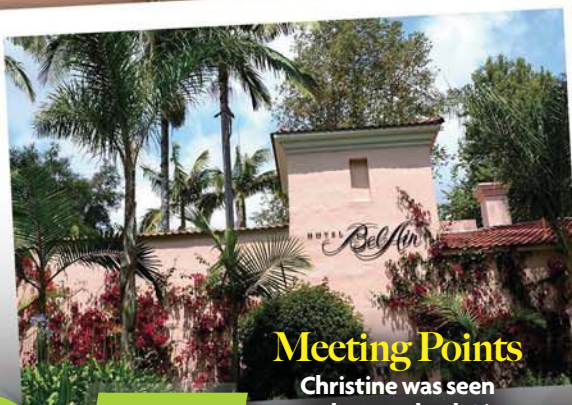

WHEN news broke recently that **Ben Affleck** may be having an affair with his children's nanny, the actor scrambled to deny the allegations, in order to protect his family and his career. But that instantly famous babysitter, **Christine Ouzounian**, seemed pleased with the media attention, stepping out on July 29 wearing a bright smile as she faced the paparazzi, and even reportedly hiring a stylist to help shape her public image.

Ben, meanwhile, has looked a mess in recent weeks. Sources close to the 42-year-old actor/director — who announced his split from his wife of 10 years, **Jennifer Garner**, on June 30 — say he's been consumed with worry that Christine may have set her hopes too high for their relationship. In fact, he's confided to close friends that he fears she might take drastic measures to remain a part of his life. "We hear Ben is petrified she might be pregnant," says a source. "He's sweating beyond belief right now, wishing he'd never gotten involved with her in the first place."

FALLING FOR THE BOSS

Ben has always had a reputation as a charmer. And spending a lot of time around such a charismatic personality, at a vulnerable time in his life — his marriage had been strained, to the point of a secret separation, since last year — might naturally lead his young, caregiving employee to develop feelings for him. Insiders close to Christine say she likely initiated the alleged affair, which reportedly began in the spring, shortly after she was hired — and by mid-July she had told friends she was in love with the two-time Oscar winner. "She's been bragging about ►

Meeting Points

Christine was seen at the Hotel Bel-Air (above) around the time Ben was said to be staying there, and she was photographed at his bachelor pad (right) late at night on July 17.

ARE

NANNY, SOURCES SAY SHE
PREGNANT WITH HIS BABY!

Family First

Ben spent time with his children and his ex (seen here with an assistant) in Atlanta on July 25. “He and Jen both looked miserable,” a source says, “but the kids are his top priority right now.”

their romance,” a source reveals. “Her friends were saying she had delusions of being Ben’s next wife.”

While Christine lost her job in early July — reportedly because Jen found out about the affair — the former babysitter has continued to see her ex-boss in private. On July 14, she was spotted at the Hotel Bel-Air, where Ben had been staying in the days following his divorce announcement; sources say the nanny had stayed with him there occasionally. Then she was photographed visiting Ben at his new bachelor pad late at night on July 17, bearing a bottle of champagne, and she reportedly spent the night at his place the following night.

Regardless of evidence that seems to suggest the pair are more than friends — including their trip to Las Vegas together in late June — Ben’s reps have called

the affair claims “garbage,” saying the pair share nothing more than a “work relationship and friendship.” But he can’t thwart Christine’s passionate feelings for him. “She was hoping he’d go public and say she is his girlfriend,” the source notes. “Those close to her suspect she told the press her story. They say she wants it out there so people will think Ben chose her over Jen.”

Indeed, Christine certainly isn’t shying away from the limelight. “It’s definitely bizarre that the paparazzi just happened to be at Ben’s place at exactly the right moment to capture Christine handing over the champagne,” the insider says, referring to her late-night visit to the superstar’s house on July 17. “People are asking who tipped off the photographers, and a lot of people think Christine herself could be responsible for the leaks.”

JENNIFER’S BIG MISTAKE

As a celebrity nanny, though, Christine — who previously worked for Ben’s *Gone Girl* costar Neil Patrick Harris and his family — knows how important discretion is. She’s also been a concierge at the Four Seasons hotel — a job that places a strong emphasis on keeping high-profile guests’ information and requests private. In fact, it was Christine’s experience with secrecy that may have convinced Jennifer, 43, to hire the Southern California native in the first place. “Jen would have done her homework on Christine,” the family insider says. “There isn’t a chance she would have employed someone whom she didn’t think was qualified.”

So when Jen discovered that her husband had developed a close relationship with the nanny — thereby bringing increased scrutiny on her family during a delicate time — it was a double slap in the face. That shocking realization reportedly came during their final family vacation together, in the Bahamas over the July 4 weekend. Jen had invited Christine to come along and watch the kids, but she noticed that the nanny was paying more attention to Ben than to Violet, Seraphina and Samuel. Once she figured out what was going on, she sent Ben back to Los Angeles immediately and fired Christine.

Now sources say Jennifer is kicking herself for hiring Christine in the first

“Christine had delusions of being Ben’s next wife!”

— a friend tells *Star*

Blaming Herself

“These revelations about Ben and Christine have made Jen question her own judgment,” says a source. “After all, she’s the one who hired the nanny.”

place. “This is quickly becoming Jen’s worst nightmare, because she would never have wanted to put her or her family in a situation where they could be humiliated,” the insider notes. “Jen is so disgusted by it all. She even told friends, ‘They did it in our home.’”

SLEEPLESS NIGHTS

No one, however, is having a harder time dealing with all this than Ben. Sources say he’s beside himself with worry over Christine’s impact on his family — especially if she got pregnant. “That would be his worst nightmare,” the insider divulges. “The way he tells it, he actually wanted to clear his head during his break from Jennifer, but then Christine kind of seduced him by giving him the attention he was craving. But Ben never thought their relationship would go this far.”

His primary concern at the moment is the welfare of his children. He’s even been staying in Atlanta recently, where Jen is filming *Miracles from Heaven*, to spend time with the kids. But according to his neighbors at the condominium he’s renting there, the superstar has been acting preoccupied — and doesn’t seem to be sleeping much. “At night, he wanders around the lobby alone,” says an Atlanta source. “He’ll sit in the foyer for hours and stare into space. He’s also been seen taking long elevator rides, where he’ll stop at almost every floor before returning to his room.”

The building’s security cameras first caught Ben’s strange behavior on video. Then stories about the actor’s odd antics started filing in. “People from the building have approached him about his late-night wanderings, and he insists that he’s just stretching his legs,” the spy says. “He’s just acting very bizarre. It’s obvious his mind is running rampant.”

Indeed, the family insider says Ben is “seriously concerned” that something like a pregnancy revelation could be catastrophic to his broken family. “He loves his children more than anything, and while he’s done some stupid things in his time, hurting them would be the absolute worst he could imagine,” the insider says. “He’s completely terrified about what Christine might come out and say,” because of his fears, sources say, he’s still in touch with Christine, and a *Star* reporter witnessed her, accompanied by three security guards, being snuck into a side entrance of the Hotel Bel-Air on July 31. ★

Bill Cosby FLEEING The COUNTRY?

AS THE SHAMED COMEDIAN FACES 47 CLAIMS OF RAPE, SEEMINGLY ENDLESS LAWSUITS AND POSSIBLE JAIL, HIS ALLEGED VICTIMS FEAR HE'S ABOUT TO TAKE HIS MONEY AND RUN.

BILL COSBY may be at the center of the most shocking sexual abuse scandal in Hollywood history, but insiders worry that he may not stick around to see how it plays out. As the number of women accusing him of sexual assault continues to climb, friends and family of the now 47 alleged victims are concerned that America's most recognizable television dad may flee the country.

"He's been so shady and flat-out dismissive of the amount of hurt he's caused these women that they're worried he'll run rather than pay damages," a friend of several of the victims tells *Star*.

Although the sitcom actor has vehemently denied any wrongdoing since the women first began coming forward, another source close to the 78-year-old says he's terrified of spending the rest of

his life facing numerous civil lawsuits, especially in light of a recently revealed 2005 deposition in which the comedian admitted to drugging women with sedatives over the course of decades. (He claims it was consensual.) Though his old testimony is unlikely to result in jail time due to the statute of limitations, it could expose him to hefty civil payouts. The '80s icon is also currently under judicial order to be deposed again before Sept. 30 by attorney **Gloria Allred**, who represents 17 of his accusers. "There is no maximum value for the victims — they can sue him for any amount, so long as they establish damages," explains NYC legal expert **Taylor Koss**.

And the former activist is also the subject of at least one open criminal investigation, which could mean losing his freedom along with a significant chunk of his \$400 million fortune. "The longer

this goes on, the more tempting exile becomes," says the Cosby insider.

IT'S A SMALL WORLD

What country would harbor the world's most famous alleged rapist? Even nations without extradition treaties with the U.S. — such as Cuba, China, or the United Arab Emirates — might not be havens for him, because they can still willfully turn over fugitives any time they choose (Spain does it routinely). He would need to move to a nonextradition country where he is connected and where his money would outweigh any political fallout.

"He has friends in Saudi Arabia, so that's a possibility," divulges the insider. "His money could go a long way there."

As far as taking his money with him, the *I Spy* star can always use banks in Switzerland and the Cayman Islands.

CELEBS WHO FLED

ROMAN POLANSKI

After pleading guilty to unlawful sex with a minor, the famed director jumped bail and escaped to France in February 1978 to avoid a possible jail sentence.

RANDY QUAID

The actor failed to appear for a hearing on burglary charges in 2010, then fled with his wife, Evi, to Canada, claiming that they were targets of a bizarre Hollywood murder conspiracy.

And chances are he would be flying solo. His wife, **Camille**, “has stuck with him in word only,” says the Cosby insider. “They have been living very separate lives for a very long time.”

PREVENTIVE MEASURES

Though no judge is currently able to force the actor to forfeit his passport, lawyers representing the victims can try to secure a preliminary injunction that would prohibit him from moving his money overseas. “With all the publicity surrounding this case, a judge might want to freeze some portion of his funds as a potential settlement pool,” legal expert Koss continues. “That would stop him from running for the hills with all his cash.”

Left with little of the money that he has used to insulate himself from his accusers for decades, Bill Cosby could find the world a very cold place indeed. ★

A Criminal Case?

Model Chloe Goins says Bill Cosby drugged and sexually abused her at the Playboy Mansion in 2008. Her claim is currently the only one within the statute of limitations.

Falling Star

The actor has not only lost his career but also many of his friends. “His world is crumbling fast, and he realizes there’s no longer a reason to stick around,” reveals a source.

WESLEY SNIPES

While undergoing federal investigation for tax evasion, the actor was detained while trying to leave South Africa on a forged passport in 2005. He was then sent back to the U.S.

SHAWN WANTS HIS EX BACK!

WHILE SHAWN BOOTH WAS PROFESSING HIS DEVOTION TO FIANCÉE KAITLYN BRISTOWE, HE WAS SECRETLY REACHING OUT TO HIS SEXY FORMER GIRLFRIEND.

NOT SO FAST!

Kaitlyn and Shawn were the perfect picture of romance as she accepted his proposal during the July 27 season finale (above). But a source says his ex-girlfriend (right, with Shawn in 2012) may not be totally out of the picture.

WHEN *The Bachelorette* beauty **Kaitlyn Bristowe's** new fiancé, **Shawn Booth**, first signed up for the series, he stated

in his show bio that being married meant “having a special bond with someone that nothing can break. Knowing that the person you are with is someone you can’t live without.” While those are the kind of romantic sentiments that could make Kaitlyn giddy with anticipation, she may be in for a heartbreaking discovery: A source tells *Star* exclusively that Shawn likely had his longtime ex-girlfriend in mind when he wrote those flowery words — and that the brawny personal trainer still pines for his former love.

In fact, claims the source, Shawn was desperately reaching out to his ex just days before *The Bachelorette* finale aired — which was long after his proposal had been filmed. “Shawn and his ex dated on and off for six years,” says the source. “Even after their ‘official’ breakup, I don’t think he ever got over her.”

CLOSE CONNECTION

Shawn, 29, a native of Windsor Locks, Conn., who now lives in Nashville, began dating his ex (whom *Star* is not naming) while they were both attending Keene

State College in New Hampshire. “They were a really hot couple and did everything together,” says the source. As

time went by, “they discussed eventually getting married and having kids together.”

Just as Shawn struggled with his jealousy over Kaitlyn’s closeness to *The Bachelorette* runner-up, **Nick Viall**, “he would occasionally get jealous when his ex

hung out with her friends or other people he didn’t like,” the source adds. “But she would also get on Shawn’s case sometimes when he got too flirty around other women — which happened a lot if he’d had a couple of cocktails.” Eventually, says the source, “they couldn’t agree on a permanent living situation. He was going back home to Connecticut, and she didn’t want to move away from her family. They carried on a long-distance relationship for

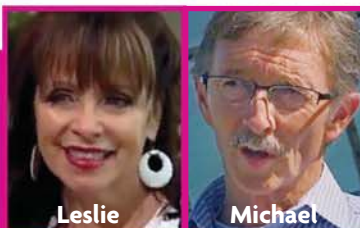

a while, until they finally called it quits in 2012.” Or so Shawn’s ex thought.

HE CAN’T LET GO

“Shawn carried the torch for his old girlfriend long after they broke up,” the source tells *Star*. “He was still in touch with her this summer. But then he texted her the news that, in his words, he was ‘technically’ engaged to Kaitlyn — and his ex decided to end their communication.”

Things came to a head in early July — barely more than two weeks before Shawn got down on his knee and asked Kaitlyn, 30, to be his wife during the airing of the pretaped finale of *The Bachelorette* — when “Shawn tried phoning his ex three times during the night,” the source claims, “but she wouldn’t take his calls.”

In the days after the finale, when Kaitlyn and Shawn went public with their engagement, both hedged on the question of marriage plans. “We don’t want to put any pressure on anything,” said Kaitlyn. Maybe that’s a good thing, says the source, who tells *Star*, “Clearly, Shawn still doesn’t know what his heart wants.” ★

KAITLYN'S PARENTS THEIR MESSY DIVORCE

There didn’t seem to be much interaction between Kaitlyn’s mom and dad, Leslie and Michael, when they both appeared on the season finale — which may not be surprising, given the backstory to their divorce. After 30 years of marriage, Michael filed against Leslie in their native Alberta, Canada, in October

2003. According to court documents obtained by *Star*, Leslie claimed that their marriage had been “very dysfunctional for a long time.” She added that the problems in her relationship with Michael caused her to become “very unhealthy from an emotional and mental perspective,” and that she was “depressed” during the marriage. Leslie also claimed that after she and Michael separated, she and Kaitlyn, then 16, were forced to move from the family home to a walk-up apartment.

Michael countered that he and Leslie had both agreed she and Kaitlyn would move to the apartment so that they could sell the family home — and he added that he didn’t believe Leslie’s emotional turmoil “necessarily resulted from our marriage. I would suggest we both brought our own issues that led to the breakdown of our relationship.” The divorce was finalized in February 2010. Thankfully, says an insider, Leslie and Michael — who have both remarried — “are both good people who have tried to keep things as civil and even-keeled as possible.”

Happier days for baby Kaitlyn (far left), parents Leslie and Michael, and older sister Haley.

Blake's Final Straw...

MIRANDA FELL IN LO

With A Married

MIRANDA LAMBERT CHEATED ON BLAKE SHELTON AGAIN AND AGAIN, BUT IT WASN'T UNTIL SHE FELL HEAD OVER HEELS FOR ANOTHER MARRIED MAN THAT BLAKE REALIZED HIS MARRIAGE WAS FINALLY OVER.

Miranda and the man she allegedly fell in love with, tour manager Ryan Westbrook, backstage at the Grammy Awards in February.

WE Man!

"I've been living off caffeine and sad songs lately. So we're going to drink some caffeine and play a sad song," **Miranda Lambert** told the crowd at her Nashville concert on July 28. She was clearly referencing her sudden divorce from **Blake Shelton**, which the couple announced only a week earlier; it was an attempt to share her feelings with her fans, many of whom were still bursting with questions as to why the superstar country couple split.

Only a day later, the world would get a big part of the answer, when *Star* revealed that Miranda had cheated on Blake with no less than *five* men. And if that wasn't explanation enough as to why Blake had filed for divorce, *Star* has recently learned that Miranda cheated with at least two more men — and secretly spent three weeks in rehab in 2012 for alcohol addiction. But amazingly, it turns out that it was neither liquor nor lust that caused Blake to finally pull the trigger on their divorce.

"Basically, Miranda fell in love with another man behind Blake's back," says a source close to Miranda. And according to that source, the object of her interest was none other than her tour manager, **Ryan Westbrook** — a married man with two kids!

BLAKE'S LONG FUSE

As *Star* reported earlier, Miranda cheated on Blake Shelton even before they were married, beginning with one of his best friends, singer **Jamey Johnson**, whom Miranda hooked up with back in 2007 at the Country Radio Seminar. Members of Jamey's own entourage found out about the tryst when, looking for Jamey, they checked his tour bus. "They thought he was just there taking a break," a source told *Star* in 2013. "But when they walked to

DID MIRANDA'S BEST FRIEND SPILL THE BEANS TO BLAKE?

Blake "would never reveal it" if Ashley Monroe told him about Miranda's cheating, says a source

On July 24, in his first public communication to his ex-wife, Blake posted

a seemingly innocent tweet to Miranda, in support of their good friend Ashley Monroe's new album. But was it also a subtle dig at Miranda's cheating? "Ashley knew about Miranda's many affairs," says a source. "She is very close with both Miranda and Blake, so it was hard for her to feel like she was in the middle. She didn't want to be a part of it, but she also hated that Blake was in the dark about his wife. People suspect that there were a couple of whistle blowers, and Ashley is one of them. Blake is keeping the person who told him top secret, which would make sense if it were Ashley. She and Miranda are so tight that Blake would never want their friendship to be ruined."

Miranda's Secret Booze Rehab

YOU know when you have to check those boxes when you go to the doctor? 'Do you drink every day?' 'Never?' 'Socially, I'm always like, *Hmm, the truth or not the truth?*' Miranda Lambert once said.

According to a source close to the country bombshell, one truth she has yet to reveal about her drinking is a 2012 trip to rehab. The catalyst (see main story) was Blake's discovery of her affair with Jerrod Nieman on July 4, 2012.

"Blake told Miranda she would have to go to rehab if they were to save the marriage," explains the insider. "Along with the cheating, he said her attitude had become unbearable, especially toward their team of employees."

"Miranda agreed to go and underwent three weeks of in-house treatment followed by a 90-day outpatient treatment, during which she had to check in every day and give an update on her progress. Her mom arranged the rehab stay and flew to L.A. with her to help her check in."

Reps deny Miranda went to rehab, although Miranda's canceled tour dates for that summer back up the source's story. She suddenly called off her July 6 concert, then all shows the following week, blaming it on "overextending her voice." Later, she went ahead and cleared her schedule through July 26.

"She took the rehab program very seriously, but that didn't last," laments the source. "It didn't take long for her to go back to her old ways and terrible behavior."

Star has also recently learned that, while she was dating Blake, Miranda also attempted to get physical with **Eric Church**.

Whether Blake knew about Miranda's cheating with Jamey and designs on Eric is unknown, but another source tells *Star* that he definitely had his suspicions about Miranda and former Major League Baseball star **Josh Beckett**, who reportedly fell in love with Miranda and was devastated when she went ahead and married Blake in 2011.

"Blake heard of this affair," a source close to both him and Miranda says, "but he never received enough solid evidence to prove that she actually carried on with it. So, Blake dropped it and chalked it up as a rumor."

exclusively — was with then rising star **Jerrod Niemann**, the opening act for her *On Fire* tour. According to *Star*'s source, Blake found out about that romance on July 4, 2012.

"The story is that Blake and Miranda were on their way home from the lake after a Fourth of July gathering with friends and family," the source relates. "Blake was driving Miranda, who was drunk after a day and night of partying, and noticed that she couldn't stop texting."

"It really started bothering him, but Miranda pretended to be texting her parents. After Miranda fell asleep on the ride home, a curious Blake took a look at her phone and discovered

"Miranda never thought that **Blake** would divorce her."

— an insider tells *Star*

CAUGHT IN THE ACT

Word in both of the stars' camps was that one Miranda affair that Blake definitely knew about — and which *Star* can reveal

that she had been texting Jerrod all along.

“Blake scrolled through the entirety of their conversation and discovered that they had been carrying on an affair for months as they toured together. At the time it was easy for Miranda and Jerrod to act on the affair because they were traveling with each other. Miranda was so sneaky that she did all this right under her mother’s nose — she was on the road with Miranda at the time and definitely would have been against it.”

“The one message that broke Blake’s heart was the last one that Miranda had sent to Jerrod, which read, ‘I am with you more than you know,’ because she and Blake had been together the entire day. It proved that Miranda was not enjoying their time together as much as she acted.”

According to the source, Blake then drove Miranda straight to her parents’ house and gave her an ultimatum: Kick Jerrod off the tour and go to rehab, or I’m gone.

AN AFFAIR TO REMEMBER

Despite Miranda’s many lovers, the source close to the couple says that “Blake truly believed that he and Miranda would end up together in the end, and he never wanted to divorce her. He took her back time after time.” Then, in 2013, along came Ryan Westbrook, the manager for her *Locked & Reloaded* tour.

Like a lot of the men Miranda was attracted to (Blake included), he was scruffy, bearded and deep in the country music industry. He was also fond of knocking back a few drinks, as a 2001 DUI arrest in Nashville, which eventually resulted in a reckless driving conviction, attests to. But unlike Blake, who spent long stints away from her filming *The Voice*, Ryan was there for her every day. And according to the source, Miranda was smitten.

By this time, Miranda’s crew was getting tired of seeing her flirt with other men — especially a married man with two kids — and at least one of them took action. “Blake discovered that Miranda had feelings for Ryan [Westbrook] after a member of Miranda’s band told Blake,” says the source. It was then that Blake confronted her.

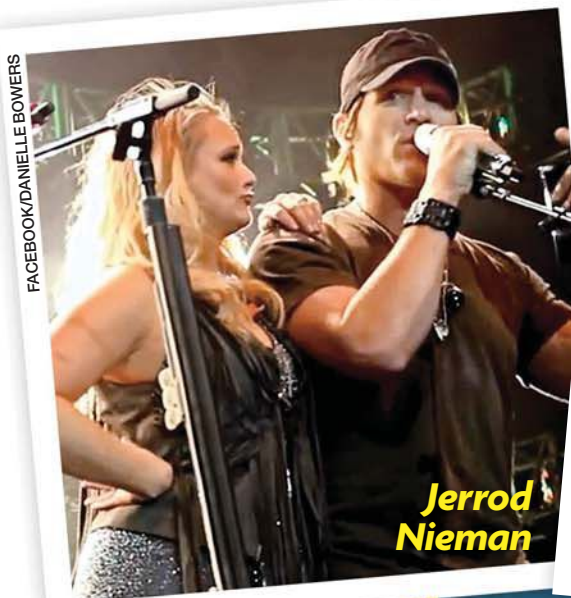

“Miranda didn’t fight Blake or deny her

feelings for Ryan, because she wants to be with him,” says the insider.

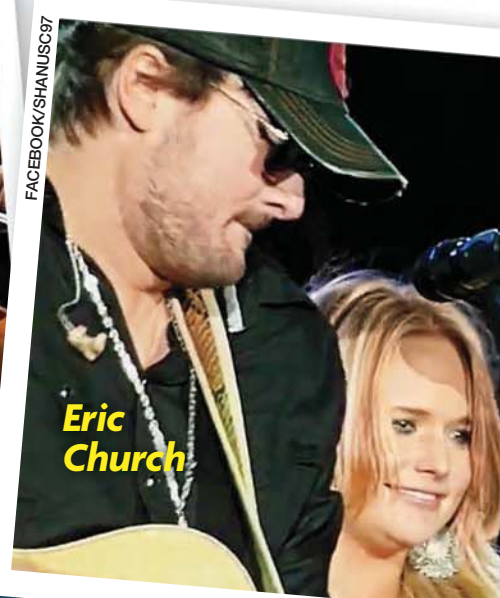

Once again, Blake told her to end it, but this time Miranda hesitated. “Blake had threatened Miranda with divorce so much that it started getting old to Miranda,”

explains the source. “She never thought that he would actually go through with it. She even told him that he could never divorce her because she wouldn’t sign the papers and he would be stuck with her.”

Two **New** Love Interests Join The List Of Miranda’s Many Men

The list just keeps on growing! Only days after *Star* revealed that Miranda had cheated on Blake with five men, another source is claiming that her belt should have at least two more notches on it: fellow country stars Jerrod Nieman, and Eric Church, 38. According to a report, back in 2010 Miranda periodically joined Eric on his tour bus, where she “just wouldn’t keep her hands off” him and “began getting really frisky.” Apparently, Eric didn’t reciprocate, and kicked her off his bus because she was “getting too close for comfort.” Jerrod, however, became a serious affair that ended only after Blake discovered text messages between them on Miranda’s cell phone. The two new cheating incidents join the five *Star* exposed last week, which include Jamey Johnson, Chris Young, and Josh Beckett, along with two members of her staff. But it was Miranda’s infatuation with tour manager Ryan Westbrook that ultimately turned out to be the straw that broke her marriage’s back.

BOBBI KRISTINA BROWN's family never left her side in the six months since she was found unresponsive in the bathtub of her Roswell, Ga., home in January, until her death on July 26. And that's how it will stay forever. Following a touching funeral service in Alpharetta, Ga., on Aug. 1, the 22-year-old was laid to rest next to her mother, Whitney Houston, in New Jersey two days later. "She is finally at peace in the arms of God," the Houston family said in a statement.

In March, Bobbi Kristina had been transferred to a long-term-care facility in the Atlanta area before spending her final days in a hospice facility surrounded by her loved ones, including her father, **Bobby Brown**. "Krissy was and is an angel. I am completely numb at this time," the singer, 46, said shortly after her passing. "My family must find a way to live with her in spirit and honor her memory. Our loss is unimaginable."

WAITING FOR ANSWERS

While there has been speculation that Bobbi Kristina's boyfriend, **Nick Gordon**, was involved in her death, preliminary medical reports indicate no signs of foul play. Additional lab testing will be performed, but full results may not be available for weeks. Nick has repeatedly denied all accusations of abuse, but sources say

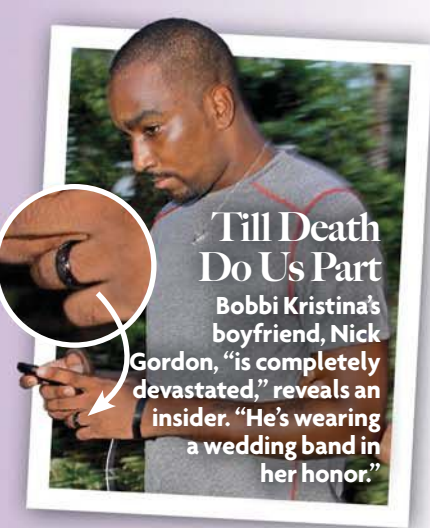

Heartbreak & Gratitude

"We want to thank everyone for their tremendous amount of love and support during these last few months," stated Bobbi Kristina's family after her passing.

Whitney & Bobbi Kristina

TOGETHER FOREVER

AFTER A SIX-MONTH BATTLE, BOBBI KRISTINA BROWN IS FINALLY AT PEACE — BURIED BESIDE HER BELOVED MOTHER.

Till Death Do Us Part

Bobbi Kristina's boyfriend, Nick Gordon, "is completely devastated," reveals an insider. "He's wearing a wedding band in her honor."

that she got extremely intoxicated and passed out in a bathtub at the Beverly Hilton Hotel on Feb. 10, 2012, just one day before her mother died in a chillingly similar fashion. On the night of her mother's actual passing, law enforcement officials now say Bobbi Kristina was rushed to the hospital for acute alcohol poisoning — not exhaustion, as previously reported.

Despite the newfound claims, Bobbi Kristina's family still refused to let Nick attend the funeral services and say his final good-bye to his departed love. "Bobby made it clear that if he saw Nick there would be trouble. None of the Houstons or Browns are speaking to him," explains the insider.

And it seems tension has been building between family members as well. Although Bobby has not contested his daughter's estate — her inheritance will now be split between her grandmother and two uncles, as stipulated by Whitney's will — he was very vocal about her funeral arrangements. "Bobby demanded to be front and center with the rest of his family," notes the insider. "There was so much drama around Whitney's funeral, he was determined to make sure his family didn't get sidelined again. Bobby knows he could have been a better father...and this was his last chance to take care of his daughter, so he was determined to do a good job." ★

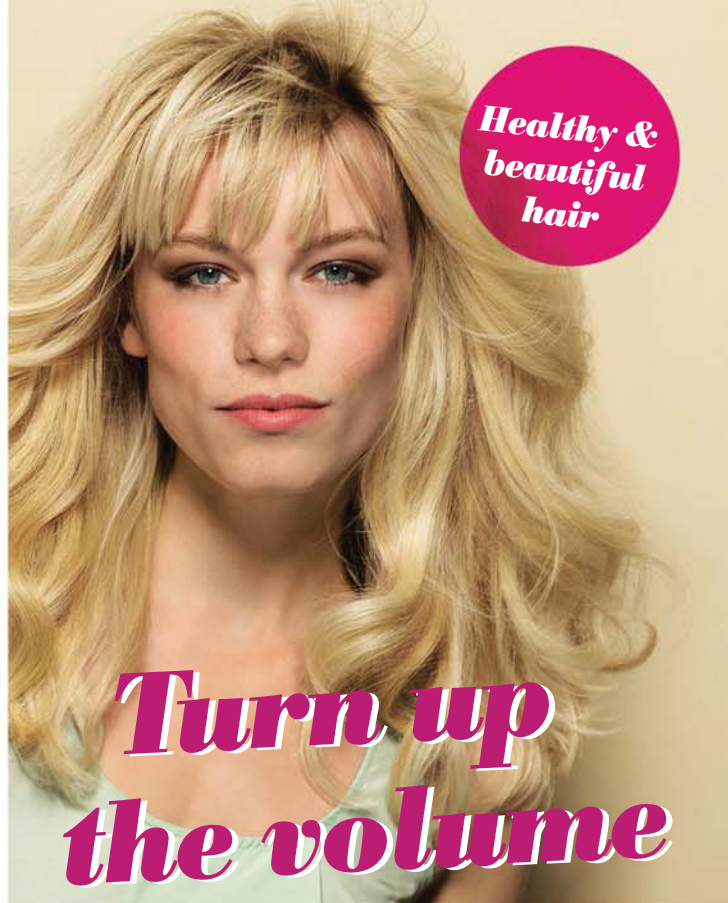

prosecutors are gearing up to possibly charge the 25-year-old with manslaughter for procuring drugs for Bobbi Kristina the morning she overdosed. "He is terrified of what might come next," an insider tells *Star*.

However, newly unearthed reports about Bobbi Kristina's troubled past may corroborate Nick's story. Sources say

The Final Farewell

Bobbi Kristina's body was kept at Murray Brothers Funeral Home in Atlanta before being laid to rest at Fairview Cemetery in New Jersey next to her mother, Whitney Houston.

Talk about party in the back! From the front, you would never guess that the *Paper Towns* actress was wearing a braid. "This works especially well with longer hair," says Sarah. First, pull hair back, into a low pony, about an inch from the nape of your neck. "Then use your fingers to run a styling lotion through each section," explains Sarah. "To get an undone look, always braid tighter and loosen it later to make hair appear thicker. Pull any stray strands back toward the braid and secure with a bobby pin. To ensure the braid doesn't budge, spray it with a strong-hold hairspray."

Sideswept French Fishtail

While they appear quite intricate, fishtail braids just require repetition. "A French fishtail is when you take two small sections, add a piece from the right side over to the left, and then vice versa," says Sarah. After each crossover, add a bit of hair from your loose locks. Keep in mind: The smaller the sections, the tighter your braid will be. "Emma's look works well because of her shorter layers in the front," Sarah notes. "Wrap face-framing pieces around a medium-size curling iron, spray with a flexible-hold hairspray and clip them back to cool." This will help them maintain their movement.

Name Plait

Double French Wrap

Lea's look is perfect for those with thick tresses. "It's great for anyone with a lot of medium length to longer hair that needs to be contained, since the hair is split into two separate braids," says Sarah. To boost body, prep strands with a mousse before blow-drying. "Add some dry shampoo to get grip for braiding," Sarah instructs. "After creating two French plaits, secure them with clear elastics. Then wrap them around each other and pin the ends into your roots so they don't show."

→ SHOW ME A HERO

Premieres Sunday, Aug. 16, at 8PM on HBO

Oscar Isaac stars in this gritty and gripping new miniseries from **David Simon** (*The Wire*) and **Paul Haggis** (*Crash*) about the true story of a municipal conflict over building court-ordered low-income housing that tore apart the city of Yonkers, N.Y., in the late 1980s. The city fought the decree, fearing an influx of minorities, and the ensuing battle nearly destroyed the city and its well-meaning but overmatched young mayor, Nick Wasicsko (Isaac). It's a struggle between self-interest and injustice, and Isaac creates a character whose yearning to do good may be his undoing. There are a number of strong actors in smaller roles — including **Jon Bernthal**, **Peter Riegert**, **Catherine Keener**, **Winona Ryder** and **Alfred Molina** — but this is Isaac's show; one that should be a lock to earn him an Emmy nomination.

→ FROM WAGS TO RICHES WITH BILL BERLIN

Airs Thursdays on Discovery Family Channel

This new series follows animal trainer **Bill Berloni**, whose four-legged friends are in demand for TV, film and Broadway work. He launched himself as an animal trainer by training dogs that played Sandy in a traveling production of *Annie*. Now it's a full-time gig, teaching not only the animals but also the actors who work with them. The series goes to his Connecticut farm, where Bill, his wife and daughter manage a menagerie of 26 beasts, including pigs and birds, as well as a pack of dogs. But while the furry pals are a lot of fun to watch, Bill and his family are not all that interesting.

MOVIES

→ RICKI AND THE FLASH

A second-rate rock singer named Ricki Randazzo (**Meryl Streep**) ran away from her husband (**Kevin Kline**) and kids in Indiana to chase a dream of fronting her own band in L.A., but she never got much farther than being a lounge act. She's still got a band but makes ends meet as a grocery-store checkout clerk. Now, in this overwrought dramedy, she's summoned home by her ex-husband because her daughter (**Mamie Gummer**, Streep's real-life daughter and a force to be reckoned with) is having a meltdown after the collapse of her marriage. Unfortunately, except for a very funny scene of a family squabble in a restaurant, the story relies too much on big emotions. Director **Jonathan Demme** treats Ricki like an undiscovered gem who never got a break instead of a middling talent who rose to the level she deserved. As a result, it has too many scenes of Ricki and her band playing songs that don't convey much heart.

LONG STORY SHORT: You keep waiting for the headline act, but it never arrives.

→ DIARY OF A TEENAGE GIRL

A teen in early 1970s San Francisco begins a relationship with her mom's boyfriend in this uncomfortable tale of one young woman's sexual awakening. Newcomer **Bel Powley** plays the pouty Minnie, a would-be artist who lives with her sister and their hard-partying divorcée mother (**Kristen Wiig**). Minnie begins flirting with Mom's boyfriend, the hunky Monroe (**Alexander Skarsgård**), and before long they're having a full-blown affair. It's meant to be about a young woman discovering her sexual power, but this particular character seems so shallow that it's hard to embrace her quest. It ends up feeling more unsavory instead of bittersweet.

LONG STORY SHORT: You'll walk out feeling like you need a shower.

British tough guy **Jason Statham** bought this luxurious spread in 2011 from **Ben Stiller**. But apparently it's not ritzy enough for him and his model sweetie, **Rosie Huntington-Whiteley**, so they're moving on.

The spacious kitchen has a vaulted ceiling.

A creamy, dreamy, spaworthy bathroom.

TERESA Tussles With Former Attorney

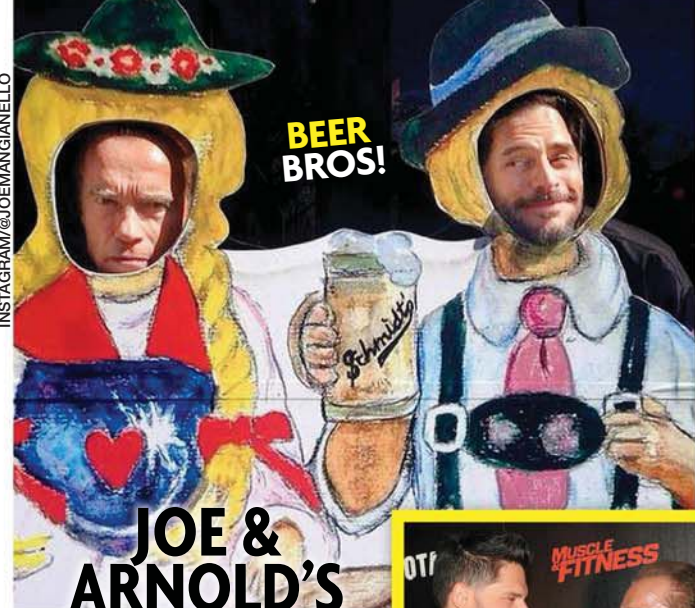

Teresa Giudice is suing her former lawyer, claiming he is to blame for her current incarceration. The *Real Housewives of New Jersey* star is seeking an unspecified amount of money, yet her complaint states that whatever she gets cannot restore "her good name, her lost professional opportunities, or her agonizing, extended absence from her husband and children's daily lives."

Kate's *Titanic* Retread

Perching precariously on a cliff inspired Kate Winslet to reprise the role of Rose from *Titanic*. Kate scaled the Snowdonia Mountains in Northern Wales for the celeb adventurefest *Running Wild with Bear Grylls*, and upon releasing the support wire she'd been clutching, quipped, "Jack! I feel like I'm flying!" She quickly got out of character to demand, "All right, get me down!"

JOE & ARNOLD'S BRAWNY BROMANCE

Joe Manganiello and Arnold Schwarzenegger have a pretty tight bond. In honor of Arnold's 68th birthday, July 30, Joe tweeted his pal this awesome Alpine pic, poking fun at the elder actor's Austrian roots. "Thanks Joe! Great photo," replied Arnold. Clearly these big guys get along, but just a glance at Joe's photo will tell you who wears the lederhosen in this relationship!

PASSING BRUCE'S OLYMPIC TORCH

Olympic torches aren't made of gold, so why did the aluminum one from the 1984 Olympic Games go for \$24,000? Because it was briefly carried by none other than 1976 Decathlon Gold Medalist **Bruce Jenner** on the Lake Tahoe, Nev., leg of the relay! The sale marks the first major piece of Jenner memorabilia to sell at auction since the athlete turned reality star became **Caitlyn**. The torch had been owned by philanthropist/entrepreneur Bob Lorsch and was sold to an unnamed collector, so Caitlyn won't see a penny. Not that she'll miss it: The lady is reportedly earning \$6.4 million for her docuseries, *I Am Cait*. ★

* Best Attitude

Tragedy plus time equals comedy? On July 26, Alec and Ireland Baldwin poked fun at the actor's infamous 2007 "little pig" voicemail rant. "If I were a pig," wrote Ireland, quoting the children's book title, "I would be a rude and thoughtless one of course!"
